## Our Flying Machine

We operate two Cessna 172 aircraft, 9M-SFC and 9M-AZP, known for their reliability and versatility. These four-seater planes are perfect for flight training, recreational flying, and community outreach, providing a safe and efficient platform for all our aviation activities.

## Members Fly Members Program

Our Members Fly Members Program offers members the opportunity to explore Sabah's skies aboard our trusted Cessna 172 aircraft. Soar over Kota Kinabalu, take in breathtaking aerial views, and experience the tranquility of Sabah's islands. In December 2024, our program in Kudat provided an unforgettable adventure for participants, showcasing the beauty of aviation.
